RE: Case No. 2006-00023
Nebo Water

Dear Ms Faulkner:

This is in response to the order that was passed down to Nebo Water District March 24, 2006, Case No. 2006-00023. Nebo Water District would like to apologize to the Commission that this response was not written in a timely manner by previous manager. I was unaware of this order until February 4, 2011. The District has constructed a new 200,000 Gallon water tower on Highway 630 which was placed in service on October 4, 2010. With the new storage tank and the 2 existing tanks (each 150,000 gallons) the District now has 500,000 gallons of storage.

If you should have any further questions on this matter please feel free to contact me at 270-339-8284.

Thank You,

Mark Matheny
Distribution Manager
